# Important information

Academy classes are 90 minutes, half day or full day sessions. This year we also have some 45 minute and 90 minute lectures or demonstrations from leading international experts.

For many of the workshops, there is an additional charge for materials provided to make the project by the tutor. This amount is noted in the description. Please come prepared to pay this amount in cash directly to the tutor.

There may also be a supply list of materials for you to bring. Please check the description of your chosen class and download the supply list PDF for the class code you are doing using the link provided in the email confirmation. NB: If your tickets are being posted to you, the supply list (s) will also be posted.

If you opt for E-tickets, please do print off workshop tickets which need to be handed to the tutor of the class.

We also advise you to bring a basic sewing kit – dressmaking shears, embroidery scissors, pins, needles and marking pens. We do have some equipment that can be loaned if this is difficult for you which includes the basic kit and cutting boards, rotary cutters and rulers.

All classes requiring machine sewing are equipped with sewing machines. Rooms 19 and 21 will be using Bernina machines. Rooms 16, 17, 18, 22, and 23 will be equipped with Janome sewing machine (Model CXL301, a basic entry level computerised sewing machine).

# Lectures and Demos

## A – Z of Class Descriptions

### A Journey in Mental Health with Textiles as a Companion

**Louise Jessup**

Going into recovery from a long-term mental illness, Louise's quilting has grown with her, becoming more skilled and adventurous, and textiles now playing a major role in her life. Quilting has turned out to be excellent for one's mental health enhancing well-being and engagement with others. Giving a lively, engaging and inspirational talk, Louise has shared her story with many varied groups and conferences, showing her quilts and talking about her love for the medium. Now Louise makes her quilts to make people smile and the quilt 'The Dung Beetle' is on the back of the 2018 Quilters Guild Calendar. It represents a settled happy and peaceful life now.

### Art and Archives: Explore Ruth Singer's Criminal Quilts Exhibition

**Ruth Singer**

Ruth Singer will discuss the complex story behind her exhibition gallery Criminal Quilts including the 2016 Fine Art Quilt Masters winner and new work on show for the first at Festival of Quilts. "Criminal Quilts" is inspired by archive research about women criminals in the West Midlands 1877 - 1916. In this talk Ruth will explain how this project came about and how the partnership with Staffordshire Record Office and Wolverhampton University was established. She will also talk about the history of the archive photographs and documents as well as explain the making of the work on show, including collaborative and community quilts.

### Back to Square One

**Sheena Norquay**

The square is one of the basic shapes in quilt making. It is one of the easier shapes for beginners to deal with, yet a variety of designs, both simple and complex, can be created using techniques such as piecing, applique, fabric manipulation, printing, embroidery and quilting. This powerpoint presentation illustrates a selection of Sheena Norquay's work which has been inspired by the square over the years. You will see examples of all the techniques mentioned and hopefully be inspired to look at squares with fresh eyes and create something new and exciting.

### Creative Stitched Textiles

**Wendy Dolan**

In this illustrated talk, Wendy will explore the exciting world of stitched textiles. An experienced artist, tutor, and author she will share her techniques of layering, painting and stitching, encouraging you to experiment at home. Considering where ideas come from and the importance of design she will guide you through the creative process. Textured surfaces can be created using a combination of techniques, fabrics and stitches. Using thicker yarns on the machine and altering tensions can add to the surface textures, along with the application of three dimensional fabric mediums. The talk will be illustrated with examples of the many ways these techniques can be applied, from pictures, wall hangings and quilts to wedding garments and large commissioned stage curtains. Wendy is the author of Search Press's best-selling publication *Layer, Paint and Stitch* which gives an in depth exploration of these exciting textile techniques.

### Divide and Design Long Arm Quilting with Lisa H Calle

**Lisa H Calle, USA**

Do you feel overwhelmed when gazing upon a quilt, feeling anxious that something creative and beautiful is beyond your scope? Have you observed pieces designed by quilters and thought, "Where do they come up with such originality?" You are not alone and the cure for such reluctance is just a step away. With Lisa's 3-step process you will approach the idea of quilting in a completely new way. You will soon discover that anyone can transform an everyday quilt into a masterpiece and turn special quilts into treasured heirlooms. Don't let fear keep you from doing what you love - let Lisa provide the freedom needed to bring out the master quilter in you! There is a maximum of 15 students in this 45 minute demo session on a Bernina Q24 long arm quilting machine. Suitable for all intermediate levels

[Friday](#)

**Easy Stack Quilts****Paula Doyle**

In this 30 minute demo Paula Doyle will show her new method on how to use large scale printed fabrics to create easy and stunning kaleidoscopic blocks and quilts. As well as showing how to make the blocks she will show several Easy Stack quilts where the blocks are set in various settings. She will also show uncut pieces of the original fabrics used in making the blocks, and show how the Easy Stack method is very fabric efficient and allows quilters to make quilts for any occasion.

45 mins Lecture

[Sunday](#)**Eleven Cool Things Every Quilter Should Know****Ricky Tims, USA**

This eye-opening 90 minute master class will have you shaking your head in amazement. Ricky shares a variety of ah-ha revelations that will make your quilting experience so much easier. What do the Loco Lasso, Pipe Dreams, and the Couch Potato have to do with quilting? You'll have to attend to find out. Don't be surprised if Ricky loses count and gives you one or two bonus tips! A booklet to take away is included.

90 mins lecture

[Saturday](#)**Exploring Two Different Worlds - Concrete & Grassland****Lisa Walton, SAQA**

Learn more about art quilts and the artists who create them by exploring the Concrete & Grassland exhibition with SAQA's President Lisa Walton. With over 50 pieces in all, this SAQA Global Exhibition offers contrasting interpretations of our environment, whether the rolling hills of a prairie or the confined spaces of a more urban world. Whether you appreciate the bustle of the city or prefer the calm of nature, there is something for everyone to enjoy on this creative journey.

[Friday](#)**Fine Line Magic****Alicia Merrett**

Fine lines look magical in quilts. It is one of the contemporary improvisational patchwork techniques I use a lot. I will demonstrate a very easy way of inserting fine lines into fabrics by a piecing method. They can be made either just off-the-straight, or gently curved; they can have either parallel or diverging sides. Fine lines allow creative play with colour and contrast, can be used as part of many different kinds of quilts, and allow you to achieve fascinating effects.

30 min demo

[Sunday](#)**For the Love of Linen Trunk Show****Cindy Needham, USA**

Cindy is known in the quilting world for her heirloom wholecloth linen quilts. Her trunk show showcases many of her pieces featured at her 2016 featured exhibit at the Houston International Quilt Show. She shares tips and techniques and her personal stories that are attached to each one. The program will close with The Nun's Quilt story and the new Sister Act quilt.

45 mins Lecture

[Friday](#)**From Paper Silhouette to Stunning Quilts****Angela Madden**

Cutting paper is fast, fun and a brilliant way to 'discover' unique designs for quilts. Adding a fabric twist to a traditional Japanese idea produces designs which can be themed or abstract, big or small, simple to detailed, you choose. The technique is ideal for experienced quilters or beginners, confident designers or the 'artistically terrified' guaranteeing amazing results every time.

45 mins Lecture

[Sunday](#)**Hodgepodge: Making it Happen!****Nancy Crow**

In her talk, Nancy will cover three very important parts of her recent creative life. First she will describe (with illustrations) the building of her brand new 2-story studio, a dream of 15 years finally come true, on her rural Ohio farm. Second, she will discuss the curating of two major traveling exhibitions including CIRCULAR ABSTRACTIONS: BULL'S EYE QUILTS, specifically explaining how it developed. Third, she will include a brief survey of her own studio work. Photo by J Kevin Fitzsimons

45 mins Lecture

[Thursday](#)**How the Internet Changed Quilting****John Cole-Morgan**

Quilting in the 1800s involved quilts made from scraps of old clothing to keep families warm. Today, where the range of quilting styles is so vast, and inspiration and ideas are readily available on Facebook, Instagram, Youtube and Pinterest, it can sometimes be a minefield! Social media has changed the game by connecting with people, which can be good, but there are dangers in posting on line and we all need to know how to protect ourselves from undesirable situations. Take a look at the journey of just one quilter, see how the internet changed his life whilst he shares his tricks on avoiding the 'quilting police'.

[Sunday](#)**Jane Austen's Quilt****Sue Dell**

Jane Austen was an adept needlewoman who did plain sewing and participated in the decorative crafts of the wealthier classes. Sue Dell, who is a member of the Collections Team at Jane Austen's House Museum will deliver a fascinating and insightful talk on the unique and beautifully designed quilt Jane, her mother, and her sister stitched together and which is now displayed at Jane Austen's House Museum. Slides showing the quilt in previously unseen detail will accompany a discussion of its design, construction, conservation and historical context. The talk will conclude with information on the conception and construction of the Community Quilt, made in 2017 to mark the bicentenary of Jane's death, and on display here at the Festival of Quilts.

45 mins Lecture

[Friday & Sunday](#)

**Layer, Paint and Stitch****Wendy Dolan**

Wendy will share her exciting world of stitched textiles in this 30 minute demonstration. An experienced artist, tutor and author she will show her techniques of layering, painting and stitching, encouraging you to experiment at home. Inspired by the landscape and working from a photograph and sketch, a variety of natural fabrics, calico, silk noil, scrim, cotton batting, will be layered to create a textured surface. This will then be worked into with freehand machine stitching. Three dimensional fabric mediums will be applied before painting the textured surface with water based fabric paints. Freehand machine stitching will then be added using coloured machine threads to emphasise the design details and add to the surface texture. Wendy is the author of Search Press's best-selling publication Layer, Paint and Stitch which gives an in depth exploration of these exciting textile techniques.

30 min demo

[Thursday](#)**Layering Fabrics & Stitches: Mixed Media for 3D Shapes****Isobel Hall**

In this power point presentation a variety of unique vessels will be featured. The basic techniques involve layering fabrics and stitches. Items selected for discussion are those that have been created in the last three years and will include Isobel hall's latest work featuring hand made vessels created from batting and scrim. All are robust and some tell a story as they were made for her exhibition entitled PAX, WAR AND FAMINE. Isobel is basically a hand stitcher and hand stitching and mixed media is used to enhance and tell the story in her evocative stitched sculptures.

45 mins Lecture

[Friday](#)**Once More into the Bleach!****Mary McIntosh**

Mary will demonstrate how using decolourant and a variety of pigments to remove and replace colour in cloth in a variety of techniques creates exciting backgrounds for stitch and applique.. See how to create sumptuously rich backgrounds ready to stitch.

30 min demo

[Sunday](#)**Original Celtic Designs in Minutes****Angela Madden**

Angela will show you the fastest and easiest way to create original Celtic style interlaced, designs for any project. She will show how no special tools, artistic talent or experience is required to achieve stunning results. All you need for success is a pencil, felt pen and a piece of greaseproof paper. Designs are suitable for quilting or appliqué (raw edged or turned) and best of all everyone thinks Celtic designing is very difficult. So join Angela and don't tell them they are wrong!

45 mins Lecture

[Saturday](#)**Painted and Gilded Leaves in Lutradur****Pat Archibald**

Join Pat for this demonstration of just how easy it is to paint Lutradur (a spun bonded textile) to produce a variety of realistic leaves that can then be stitched onto your projects. Enhance the effects by gilding them with metallic foils and finish by adding a touch of magic sparkle. No artistic ability is required and you will leave the demonstration with many ideas of how to use Pat's templates and techniques in your own work.

30 min demo

[Saturday](#)**Quilts from Utility to Art****Linda Seward**

This lecture will appeal to anyone interested in quilts, from absolute beginners to advanced quilt makers. It features dozens of antique quilts as well as the exciting work of over 30 contemporary quilt artists. Linda defines exactly what a quilt is and how one is made. She then goes on to explore how the different traditional styles of patchwork, appliqué and wholecloth quilting were used to make utilitarian quilts in the past. Linda will then demonstrate how these basic styles have gradually developed into textile art over the years by showing photographs of art quilts with detailed close-ups. Finally Linda will show a selection of quilts that defy tradition and embrace the concept of the art quilt in all its glory.

45 mins Lecture

[Thursday](#)**Showing off! Long Arm Quilting****Linzi Upton**

This is a fun demo class to show off the capabilities of Bernina Q24 longarm machine. Linzi will demonstrate the capabilities of free motion quilting using a Bernina Q24 longarm quilting machine. Students will be shown how to do couching, twin needle work, and work with unusual materials and threads. She will show examples of these techniques used on actual quilts. There is a maximum of 15 students in this 45 minute demo session. Suitable for all experience levels.

45 mins demo

[Sunday](#)**Size, Spacing and Scale: Long Arm Quilting****Lisa H Calle, USA**

This class sounds just like a science experiment! These three elements – size, spacing and scale – are critical in creating a well balanced piece. Come and learn some of the secrets for ensuring that your size, spacing and scale are perfect for your quilt in this long arm quilting session. There is a maximum of 15 students in this 45 minute demo session. Suitable for all experience levels.

### Stitching, Mending & Making Do: Gathering the Threads

**Christine Chester & Lynn Knight**

Who knew that women were once warned that ready-made clothes provided an 'increased opportunity for idleness', that inter-war women who sought glamour were advised to 'stitch in the chic', and that mending could have a contraceptive value? These and other themes regarding women's lives will be explored by Lynn Knight, author of *The Button Box*, 'an ingenious tour of domestic and social history', and by textile artist Christine Chester, who will discuss how the book's themes have inspired the work in the gallery of the same name by textile group unfold. For further information see Lynn Knight [www.lynnknight.co.uk](http://www.lynnknight.co.uk) and Christine Chester [www.unfoldtextiles.com](http://www.unfoldtextiles.com).

### The Power of Three: Long Arm Quilting

**Lisa H Calle, USA**

Feel empowered to quilt with rulers by attending Lisa's newest long arm quilting demonstration, "Flower Power". Lisa creatively incorporates the use of flowers to power through an adorable little 17" x 17" mini panel, which can also be made into a cushion. In this session you will learn some tips and tricks for stitch in the ditch and ruler work. Amazingly enough this little beauty only uses three different rulers. The final phase of this project is on Lisa's most asked about technique 'sand stipple'. Don't remain powerless to the idea of quilting, Lisa will plant seeds of confidence during this fun and engaging demo. Suitable for beginners to long arm quilting.

### The Rhapsody Revolution

**Ricky Tims, USA**

Ricky Tims is the originator of the Rhapsody quilt. Rhapsody quilts have a distinctive design aesthetic. Both traditional and contemporary quilters will learn to create their own outstanding and original quilt using Ricky's easy design concepts. The 90 minute session covers the designing and construction using a no-pins precision patchwork technique (with no quarter-inch seams). This quilt is far easier than it looks. Also included is Ricky's award-winning enhanced outline machine appliqué technique. It's an easy quilt with big impact. A booklet to take away is included.
